Esteemed Mrs Lt-Col Navratilova,

The Organisation for the Prohibition of Chemical Weapons (hereinafter “OPCW”), wishes to express its gratitude for your participation at its Webinar on Chemical Security Response Measures and Emergency Response Arrangements for Major Public Event, held from 22 - 23 September 2021.

I am pleased to report that the feedback received from the participants of the Webinar has been extremely positive - a testament, undoubtedly, to the high level of organization, expertise and professionalism of the panellists involved. Your comprehensive overview on Monitoring of Environment during Major Events from the prospective and experience of your Institute, made an invaluable contribution to the goals of the Webinar. It was instrumental in ensuring fruitful and comprehensive discussions among the participants on issues related to risks, threat assessments and response plans against chemical attacks during major public events, as well as in identifying conclusions and key outcomes of the Webinar.

I thank you for accompanying the OPCW during this important initiative.
Please accept, Mrs Navratilova, the assurances of my highest consideration.
